

perma ULTRA

High pressure output with weekly and monthly time setting options

Bluetooth-enabled lubrication system with high pressure build-up and wide temperature range

perma ULTRA is a fully automatic lubrication system, independent of temperature and counter pressure with a very precise discharge. With two cartridge sizes, pressure build-up to 725 psi and options of weekly and monthly time settings, perma ULTRA is an extremely versatile and capable lubrication system. It is suited to a wide range of applications which demand high lubrication rates and where long remote grease lines are necessary to ensure safe access, e.g. drag conveyors, shaker screens, rotary kilns and belt conveyors.
